ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Reimedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this ent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Rem-edies can write to my address. Mrs. Altie Etson, Bellevue, Mich."

The mystery surrounding the human head, which was brought to Ironville by a dog a few days ago, continues to excite the neighborhood. A young man living mear there reports that before Christmas, he saw a man and woman driving in a bugsy: the woman was crying and he saw the man strike her over the head with the built end of his bugsy whip.

The length of hair on the skull induces the belief that it is the skull of a woman. Searching parties so far have been unable to unearth any portion of the remains. A shocking death occurred here yesterday morning. Mr. Henry Swartzel, a prosperous and worthy citizen, went to his barn to-look after his stock, and not returning, some members of the family went to look after his stock, and not returning, some members of the family went to look after him and found his remains lying lifeless. The doctor pronounced his death from heart failure. He was sixty-five years old and served in the Confederate army.

BOWLING GREEN, VA., March 16.—

Something out of the prescribed rules took place about three miles north of Milford Station, on the Richmond, Fredericksburg and Potomac Rallway, yesterday afternoon, which was discovered shortly after the passing north of two engines and cabooses.

A car wheel had left the rail, thereby cutting the both heads of the tie plates and hreaking off the spike heads for a mile in its course.

As this was not reported by the train crew of the guilty train, the supposition is that they did not know of the antics played by one of the tenders.

As an evidence of the clipping process inflicted by the one or more wheels the section master used nine kegs of spikes in restoring the track to its normal state.
